**WILLIAM P. ELLIOT,**  
FORMERLY OF THE PATENT OFFICE.

THE SUBSCRIBER, for more than twenty years connected with the Patent Office, and as an official Surveyor of the City of Washington, having relinquished all business connected with his Architectural, Engineering, and Surveying departments, in order to devote his whole time and attention to the service of Inventors, Patents, and persons interested in Patents, and to the permanent Agency at the Seat of Government for the use and benefit of that important class of the community, offers his services to all persons desiring to make inquiries respecting the originality of Inventions and Discoveries, and the practice of obtaining Patents in the United States, and relating to all kinds of business required to be transacted at the Patent Office, such as making and preparing papers and drawings for applicants for Patents, Caveats, Assignments, Agreements; amending Rejected Claims, and presenting them for re-examination; attending to Appeal Cases, Interfering Applications, and drawing up papers relating thereto, and to taking evidence respecting the originality of Inventions. He will also attend to making out petitions for the re-issuance, extension, and restoration of lost Patents; apply for Withdrawals, and for Patents for Additional Improvements and Designs; make Disclaimers, and procure copies of Patents, Deeds, Drawings, &c., and have them recorded. He will also superintend Commission for taking testimony relating to Patents, to be used in the United States Courts in the several States. He will likewise attend to the drawing of Bills in Equity, in cases of Appeal, and attend to the cases at court; to giving opinions on the legality of Patents granted, and legal opinions on matters touching Patents, and to furnishing copies of decisions on points of law relating thereto; to explaining the practice of our courts in deciding Patent cases; and to all business of a legal character relating to Patents. In the discharge of the above named duties, the subscriber will be assisted by gentlemen of the highest legal attainments, and by artists of the first eminence. The subscriber having (during a tour through Europe) made arrangements with able and respectable Agents in London and Paris, will attend to the procuring of Patents in England and France, and will explain the practice of procuring patents in other Foreign Countries.

The undersigned offers his services to Agents and Applicants for Patents residing out of Washington, whose cases may have been rejected at the Patent Office, on account of defective claims, or the misapprehension of the Examiners, arising from obscure descriptions. In such cases he will make the required examinations and personal applications, and necessary amendments to the papers. His long experience in this branch of the business will enable him to give satisfaction. When it is known that many of the rejected claims might be carried through the office successfully, if properly presented and explained, the importance of this branch of the Agency will be duly appreciated. The subscriber will also attend to procuring notices required to be made from drawings of written descriptions. Also to having drawings done in Lithography.

His terms will be according to the nature and extent of the services to be performed. The usual fee for preparing original drawings is \$5.00. For preparing original drawings, 50 cts. For Agency fee, 50 cts. For complex cases the charges will vary from \$20 to \$100.

For integrity of character, persons unacquainted with the undersigned are respectfully referred to members and ex-members of Congress who have resided in Washington; or for qualifications he refers to his own work. (One of which is the design of the building in which the Patent Office is arranged, and to the annexed testimonial of an individual well known to the whole country, and to whom more than any one else, it is indebted for the present splendid establishment, and excellent code of laws relating to Patents, that reflect so much credit on his name.)

"I have been made extremely valuable to fishermen, but it is worth far more to every body for its charming literature."—Christian Inquirer.  
"It breathes the very spirit of innocence, purity, and simplicity of heart; there is many a choice old proverb interspersed in it; it would excite a man's temper any time to read it; it would Christianize every discordant angry passion; pray make yourself acquainted with it."—Charles Lamb in a letter to Coleridge.
